

Firebird® Pro

Controls and prevents:

Chinch Bugs, Annual Bluegrass Weevils, Billbugs, Fire Ants, Mole Crickets, Adult Japanese Beetles, Cutworms, Sod Web Worms and Armyworms on golf courses, plus overwintered Hyperodes Weevil adults for 3-4 weeks in temperate zones

Control That's Tough On Pests, But Easy On Plants...And Your Budget.

Firebird® Pro is close to the perfect insecticide. A new reformulation of the proven ingredient bifenthrin, Firebird Pro effectively delivers long residual activity to provide unsurpassed control of a broad spectrum of your golf course's most troublesome surface-feeding pests, yet its low rates and unique formulation will not damage sensitive

ornamental plantings or delicate grasses. Better yet, Firebird Pro is economically priced, so it's a very cost-efficient solution for target insect problems.

Features	Benefits
Extremely low phytotoxicity	You gain the flexibility to use Firebird Pro on a variety of turf species and sensitive ornamental plantings around your club house, pro shop, etc.
Light stable	Provides effective residual activity to control pests longer and minimize retreatments
Broad label of control	One product can be used for control of most insects, reducing overall inventory of pesticides
Flowable formulation	It mixes easily with other products, simplifying your application process
Cost effective	Economical Firebird Pro stretches your insecticide budget, providing control of most surface feeders at a low cost per 1,000 sq. feet

Directions For Use:

Firebird Pro should be used for control of most surface feeders as well as mole crickets. Apply Firebird Pro on golf course fairways, tees, greens and roughs, as well as on ornamental landscaping around the course and clubhouse areas. Use caution near aquatic areas since Firebird Pro is toxic to fish. Used in a preventative program, Firebird Pro will even keep Fire Ants from establishing colonies. **Do not use this product on golf courses in Nassau County or Suffolk County, New York. Not for use on sod farms in the state of New York.**

Field Support:

When you need product or technical assistance, turn to Phoenix Environmental Care's local distributor network for responsive service and support. You can also direct any questions regarding Firebird Pro to 1-888-240-8856 for prompt attention.
