### **Phoenix Environmental Care LLC Adds Hawk-I<sup>®</sup>N/O Insecticide to Product Line**

Valdosta, GA— Hawk-I<sup>®</sup> N/O (Nursery/Ornamental) insecticide is the latest addition to the expanding line of products from Phoenix Environmental Care LLC. Hawk-I N/O is labeled specifically for use in greenhouses and commercial nurseries.

“Hawk-I N/O contains imidacloprid, an effective insecticide that provides outstanding control of sucking and piercing insects like whiteflies, aphids, soft and armored scale and mottled mealy bugs,” says Rick Grant, Director of Business Development for Phoenix Environmental Care LLC. “Hawk-I N/O also controls aldergids, thrips, elm leaf beetles, Japanese beetles, lacebugs, psyllids, root weevil and white grub larvae.”

Grant says Hawk-I N/O provides control that lasts between eight and 12 weeks. The product is available now, and is offered in 2lb flowable (250 ml bottle) and 60% WSP (20 gms) formulations.

Phoenix Environmental Care LLC specializes in turf, nursery, ornamental and aquatic products. Hawk-I is a registered trademark of Phoenix Environmental Care LLC. Always read and follow label directions.
